2013 FUNDRAISER

benefiting

JDRF IMPROVING LIVES. CURING TYPE 1 DIABETES.

ASHTON GARDENS/ OUT OF THE GARDEN

It was another great year as the DFW chapter of the National Association for Catering and Events hosted their annual fundraiser with proceeds benefiting the Juvenile Diabetes Research Foundation — the leading global organization funding Type 1 Diabetes research. Over a dozen participants conceived and executed colorful tabletop designs that were judged and voted on by attendees. Brides of North Texas was honored to be the evening's media sponsor and one of the judges at the event. We were blown away with the creativity of all participants and the overwhelming support for this very deserving charity. A special thanks to all of the amazing sponsors of this spectacular event!
